About

Hi, my name is Narek, I am 21 years old, and I have been working as a Web Developer, for 2+ years. Mainly I worked as a Front End Developer, but I am also passionate about the back end. Currently, I am working as a React JS developer at Boom Tech LLC. During my career, I have worked on different projects (e-commerce, video hosting, and event management system). I am looking for new opportunities, in order to develop my skills and gain new knowledge.
